§ 17.110 Copayments for medication.

(a) *General.* This section sets forth requirements regarding copayments for medications provided to veterans by VA.

(b) *Copayments.* (1) Unless exempted under paragraph (c) of this section, a veteran is obligated to pay VA a copayment for each 30-day or less supply of medication provided by VA on an outpatient basis (other than medication administered during treatment). For the period from February 4, 2002 through December 31, 2002, the copayment amount is \$7. The copayment amount for each calendar year thereafter will be established by using the Prescription Drug component of the Medical Consumer Price Index as follows: For each calendar year beginning after December 31, 2002, the Index as of

Department of Veterans Affairs

§ 17.111

the previous September 30 will be divided by the Index as of September 30, 2001. The ratio so obtained will be multiplied by the original copayment amount of \$7. The copayment amount for the new calendar year will be this result, rounded down to the whole dollar amount.

NOTE TO PARAGRAPH (b)(1): Example for determining copayment amount. If the ratio of the Prescription Drug component of the Medical Consumer Price Index for September 30, 2003, to the corresponding Index for September 30, 2001, is 1.2242, then this ratio multiplied by the original copayment amount of \$7 would equal \$8.57, and the copayment amount for calendar year 2004, rounded down to the whole dollar amount, would be \$8.

(2) The total amount of copayments in a calendar year for a veteran enrolled in one of the priority categories 2 through 6 of VA's health care system (see § 17.36) shall not exceed the cap established for the calendar year. The cap for calendar year 2002 is \$840. If the copayment amount increases after calendar year 2002, the cap of \$840 shall be increased by \$120 for each \$1 increase in the copayment amount.

(c) *Medication not subject to the copayment requirements.* The following are exempt from the copayment requirements of this section:

(1) Medication for a veteran who has a service-connected disability rated 50% or more based on a service-connected disability or unemployability;

(2) Medication for a veteran's service-connected disability;

(3) Medication for a veteran whose annual income (as determined under 38 U.S.C. 1503) does not exceed the maximum annual rate of VA pension which would be payable to such veteran if such veteran were eligible for pension under 38 U.S.C. 1521;

(4) Medication authorized under 38 U.S.C. 1710(e) for Vietnam-era herbicide-exposed veterans, radiation-exposed veterans, Persian Gulf War veterans, or post-Persian Gulf War combat-exposed veterans;

(5) Medication for treatment of sexual trauma as authorized under 38 U.S.C. 1720D;

(6) Medication for treatment of cancer of the head or neck authorized under 38 U.S.C. 1720E; and

(7) Medications provided as part of a VA approved research project authorized by 38 U.S.C. 7303.

§ 17.111 Copayments for extended care services.

(a) *General.* This section sets forth requirements regarding copayments for extended care services provided to veterans by VA (either directly by VA or paid for by VA).

(b) *Copayments.* (1) Unless exempted under paragraph (f) of this section, as a condition of receiving extended care services from VA, a veteran must agree to pay VA and is obligated to pay VA a copayment as specified by this section. A veteran has no obligation to pay a copayment for the first 21 days of extended care services that VA provided the veteran in any 12-month period (the 12-month period begins on the date that VA first provided extended care services to the veteran). However, for each day that extended care services are provided beyond the first 21 days, a veteran is obligated to pay VA the copayment amount set forth below to the extent the veteran has available resources. Available resources are based on monthly calculations, as determined under paragraph (d) of this section. The following sets forth the extended care services provided by VA and the corresponding copayment amount per day:

(i) Adult day health care—\$15.

(ii) Domiciliary care—\$5.

(iii) Institutional respite care—\$97.

(iv) Institutional geriatric evaluation—\$97.

(v) Non-institutional geriatric evaluation—\$15.

(vi) Non-institutional respite care—\$15.

(vii) Nursing home care—\$97.

(2) For purposes of counting the number of days for which a veteran is obligated to make a copayment under this section, VA will count each day that adult day health care, non-institutional geriatric evaluation, and non-institutional respite care are provided and will count each full day and partial day for each inpatient stay except for the day of discharge.
